

## PHONE LINK- HOW IT WORKS

### Overview

We will conduct the phone link from our office to a phone of your choice in any location in the world. The participant in question will need to feel comfortable in his/her surroundings and free to make sounds and talk aloud.

### What happens?

At a pre-appointed time your delegate calls us on a number we give them beforehand. We then conduct the tuition over the phone.

### THE SESSION

There are 4 sessions in total. The length of each session is 40 minutes. It is best to have one session per week over a four week period. The reason for this is that the delegate will learn a certain module of information that they will be required to practice repetitively for a week. That way they build their skill. (As your delegate travels he/she could phone from anywhere, which will be most convenient to them ) We will correspond via email to set up the time for each lesson.

The delegate will be sent a set of 5 audiotapes or 2 CDs to accompany the program, as well as appropriate notes- sent as an email or downloadable from our website.

The delegate will receive personal tuition under the guidance of one of our top elocution experts. This tutor will remain with them for the duration of the course. We find people feel much more confident this way.

**The cost** of the course is \$990 AD gst inc.

Please note, the cost of the phone call is borne by your organisation. Payment can be made by telegraphic transfer to our bank, or by American Express, VISA, MasterCard.

As soon as you decide to go ahead we will send the tape set/CD to the delegate and set up dates and times to suit him/her.

We look forward to helping you with your communication skills !
